The Good News from  **St. Michael School**

**Congratulations to the  
 St. Michael School Class of 2024!**

**Your feet may leave the ground...  
 but your heart will stay.**

The students at St. Michael School ended the school year by focusing on the virtue of responsibility during the month of May. Congratulations to these students who demonstrated in many ways during May of being reliable in their duties and accountable in their actions.

Have a wonderful and virtue-filled summer and we'll see you for the start of the Year of Faith in late August!
